b-2

## PROJECT DESCRIPTION

The County Department of General Services is proposing to accept a property donation of 40 acres for use as open space or possibly a low-use future county park. The property will remain as open space until a park plan is submitted. California Government Code Section 65402 requires that the planning agency first find that the proposed sale is in conformity with the county General Plan.

## GENERAL PLAN CONFORMITY

When the acquisition or disposal of real property, or the construction of structures, is proposed by a public agency within the unincorporated area, the proposal must be evaluated for consistency with the county General Plan before the action is authorized. Pursuant to Government Code section 65100, this department is authorized to prepare and issue conformity reports that are required by Government Code section 65402. Because the property donation is a project that is required to be found consistent with the county general plan, this conformity report is being prepared.

The determination of conformity is to be based on the county General Plan including the text, standards, programs, and maps contained therein. Factors that are listed in Framework for Planning, Part I of the Land Use Element that may be considered in determining conformity include, but are not limited to the following:

1. The proposed project bears a reasonable relationship to pertinent policies and mapped locations of the most applicable General Plan elements, specific plan or facility master plan.
2. The project is consistent with the goals, objectives and policies of the Land Use Element and any other applicable General Plan element.
3. A proposed construction project is designed in conformance with the standards of the Land Use Ordinance as well as any standards contained in Chapter 8 of the applicable Land Use Element area plan.
4. The disposal or sale of public property will not eliminate, delay or unreasonably interfere with the opportunity to develop public sites or structures as identified in the General Plan. The proposal should be evaluated for its possible use as a public facility, or for its exchange or sale and subsequent purchase of a better site within the community.

The property is currently designated Recreation. The historic Dana Adobe building is located on the property and is currently undergoing restoration.

The donation of the property meets the factors as set forth in the Land Use Element and as enumerated above because the property will be preserved as open space or developed as a low-use park and the donation of the property is in conformance with the General Plan.

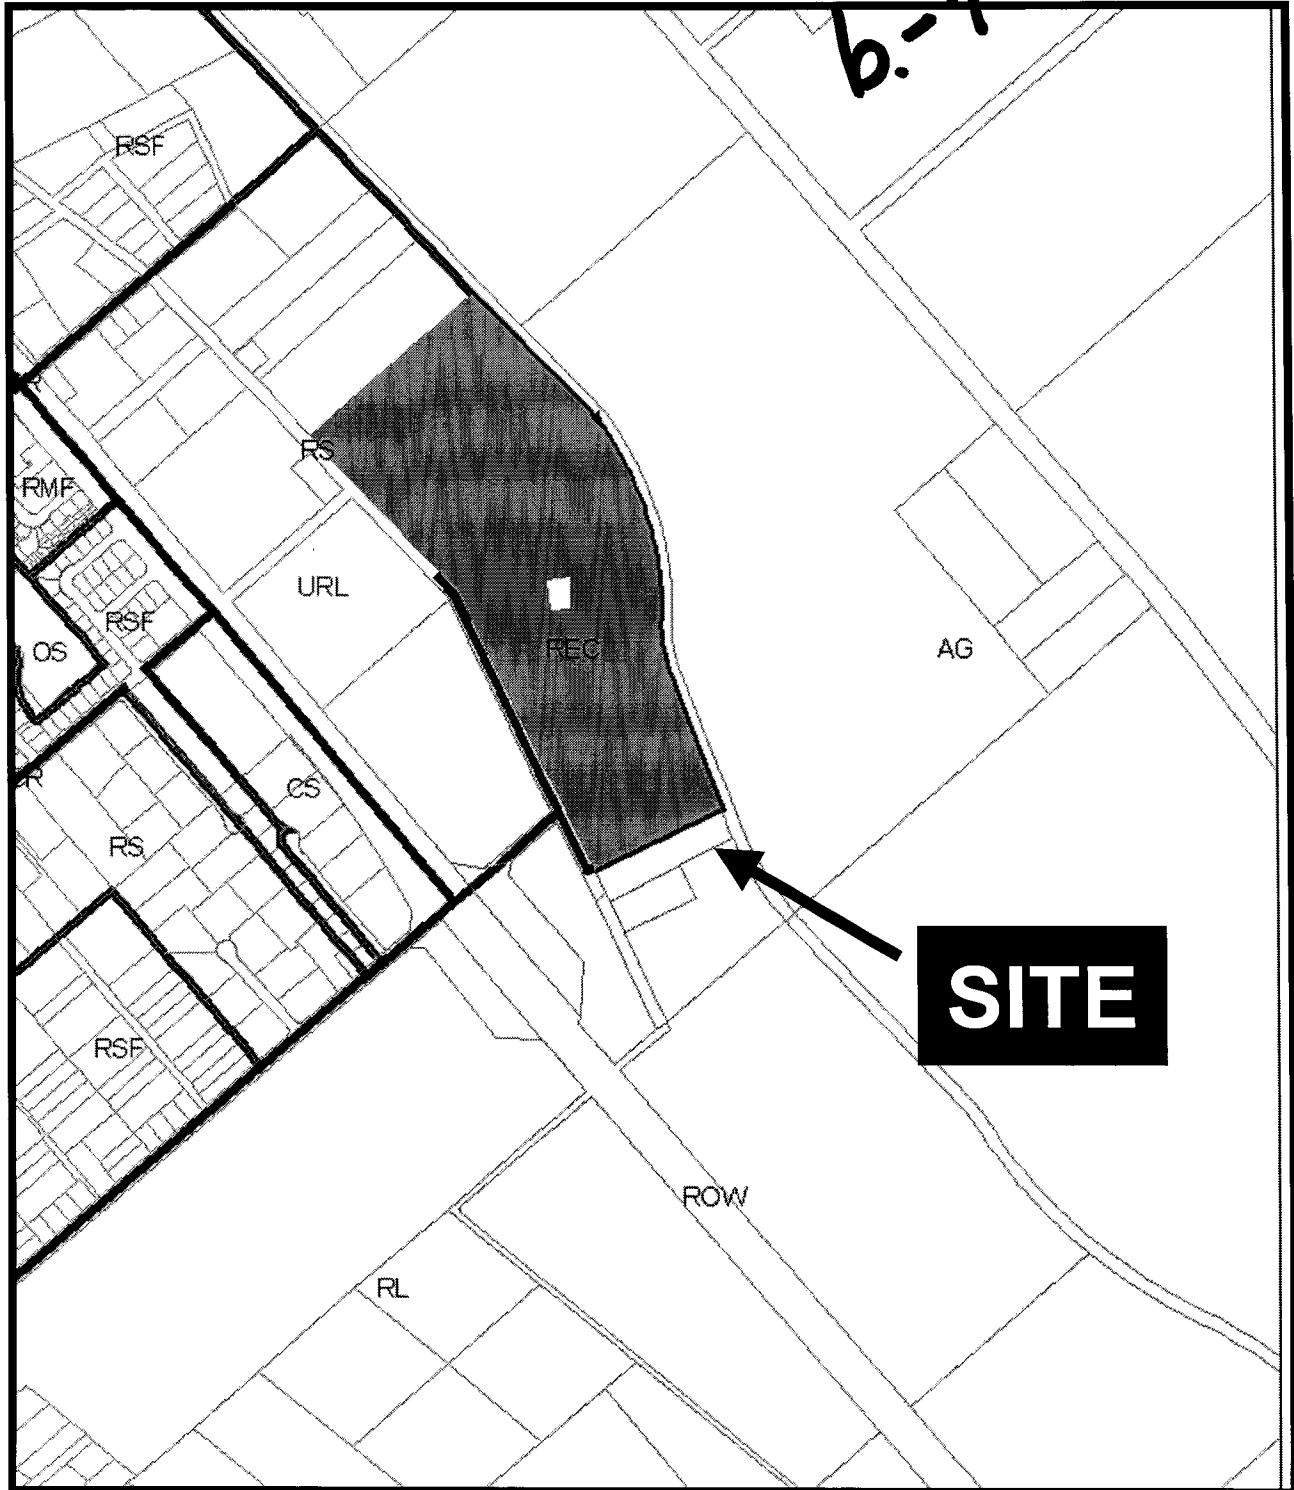

b.-3

#### DETERMINATIONS AND FINDINGS

Proposed acceptance of an approximately 40-acre site is in conformity with the county General Plan based on the following findings:

- A. The proposed use of the property as open space and/or park is allowable in the Recreation land use category pursuant to Table 2-2 of the Land Use Ordinance, Title 22 of the County Code; any proposal for a future park would require further analysis.
- B. The proposed acceptance does not conflict with other elements of the County General Plan.

Report prepared by Josh LeBombard and reviewed by Kami Griffin, Supervising Planner
